About me

I am a Biology Education graduate and a software developer. I completed my software training at Workintech. I have experience in web design and software development. My future goals include developing a social media platform and an e-commerce site. In my free time, I am interested in American football and computer games.

Education

Nis 2024 - Haz 2024

Web Design

Workintech, Ankara

The Workintech Software Development Course played a crucial role in enhancing my software skills. I learned to use modern libraries and tools, and improved my ability to solve complex state management problems. This training was a key step towards achieving my goals of developing a social media platform and an e-commerce site.

Eki 2020 - Haz 2024

Biology Teaching

Hacettepe University, Ankara

Studying Biology Education at Hacettepe University provided me with deep knowledge of biological sciences and teaching skills. The program enhanced my critical thinking and problem-solving abilities, and improved my ability to convey scientific information effectively. My biology education shaped my approaches to learning and teaching.

Work Experience

Eyl 2023 - Ağu 2024

Barista - Shift Manager

Marquise Cafe, Ankara

Working as a barista at Marquise in Ankara greatly contributed to both my professional and personal development. During my 1.5 years of barista experience, I mastered the art of coffee preparation and learned to provide customer-focused service. Throughout this period, I improved my ability to adapt to teamwork and developed quick and effective problem-solving skills. By interacting directly with customers, I strengthened my communication abilities and learned to remain calm in busy work environments. My barista experience played a significant role in making me a disciplined and responsible individual.
